Ward Numbers covered by UPHC: Reporting Month & Year:

Monthly Compilation Report (Please compile this on a monthly basis)

SI.No.	Indicators	Number
1	Total number of identified (for all identified cases like; high risk / complication of pregnancy, sick newborn (0 to 28 days), sick child (29 days to 5 years) sick mothers (0 to 42 days), delivery (normal & C-section), family planning and other cases) cases by UPHC in last month	
2	Total number of referred (for all referred cases like; high risk / complication of pregnancy, sick newborn (0 to 28 days), sick child (29 days to 5 years) sick mothers (0 to 42 days), delivery (normal & C-section), family planning and other cases) cases by UPHC in last month	
3	Number of back referral feedback received by UPHC in last month	
4	Number of counter referral received by UPHC in last month	
5	Total number of high risk / complication of pregnancy reached (referred-in) UPHC in last month	
6	Out of total referred-in cases, number of high risk / complication of pregnancy managed by UPHC in last month	
7	Out of total referred-in cases, number of high risk / complication of pregnancy further referred to secondary facility by UPHC for treatment in last month	
8	Out of total referred-in cases, number of high risk / complication of pregnancy further referred to tertiary facility by UPHC for treatment in last month	
9	Total Number of pregnant women seen in OPD at UPHC in last month	
10	Total number of high risk / complication of pregnancy identified by UPHC in last month	
11	Total number of high risk / complication of pregnancy managed by UPHC in last month	
12	Total number of high risk / complication of pregnancy referred to secondary facility by UPHC in last month	
13	Total number of high risk / complication of pregnancy referred to tertiary facility by UPHC in last month	
14	Total number of sick newborns (0 to 28 days) reached (referred-in) UPHC in last month	
15	Out of total referred-in cases, number of sick newborns (0 to 28 days) managed by UPHC in last month	
16	Out of total referred-in cases, number of sick newborns (0 to 28 days) further referred to secondary facility by UPHC for treatment in last month	
17	Out of total referred-in cases, number of sick newborns (0 to 28 days) further referred to tertiary facility by UPHC for treatment in last month	
18	Total Number of newborns (0 to 28 days) seen in OPD at UPHC in last month	
19	Total number of sick newborns (0 to 28 days) identified by UPHC in last month	
20	Total number of sick newborns (0 to 28 days) managed by UPHC in last month	
21	Total number of sick newborns (0 to 28 days) referred to secondary facility by UPHC in last month	
22	Total number of sick newborns (0 to 28 days) referred to tertiary facility by UPHC in last month	
23	Total number of sick child (29 days to 5 years) reached (referred-in) UPHC in last month	
24	Out of total referred-in cases, number of sick child (29 days to 5 years) managed by UPHC in last month	
25	Out of total referred-in cases, number of sick child (29 days to 5 years) further referred to secondary facility by UPHC for treatment in last month	
26	Out of total referred-in cases, number of sick child (29 days to 5 years) further referred to tertiary facility by UPHC for treatment in last month	
27	Total Number of child (29 days to 5 years)seen in OPD at UPHC in last month	
28	Total number of sick child (29 days to 5 years) identified at UPHC in last month	
29	Total number of sick child (29 days to 5 years) managed by UPHC in last month	
30	Total number of sick child (29 days to 5 years) referred to secondary facility by UPHC in last month	
31	Total number of sick child (29 days to 5 years) referred to tertiary facility by UPHC in last month	
32	Total number of mothers (0 to 42 days) reached (referred-in) UPHC in last month	
33	Out of total referred-in cases, number of mothers (0 to 42 days) managed by UPHC in last month	
34	Out of total referred-in cases, number of mothers (0 to 42 days) further referred to secondary facility by UPHC for treatment in last month	
35	Out of total referred-in cases, number of mothers (0 to 42 days) further referred to tertiary facility by UPHC for treatment in last month	
36	Total Number of mothers (0 to 42 days) seen in OPD at UPHC in last month	
37	Total number of sick mothers (0 to 42 days) identified at UPHC in last month	
38	Total number of sick mothers (0 to 42 days) managed by UPHC in last month	
39	Total number of sick mothers (0 to 42 days) referred to secondary facility by UPHC in last month	
40	Total number of sick mothers (0 to 42 days) referred to tertiary facility by UPHC in last month	
41	Total number of other cases identified at UPHC in last month	
42	Total number of other cases referred to secondary facility by UPHC in last month	
43	Total number of other cases referred to tertiary facility by UPHC in last month	
44	Total number of cases referred to higher facility (both secondary and tertiary facility) to avail any family planning services by UPHC in last month
