To monitor the progress of the AHDP program, an annual scorecard will be updated at the regional and national levels (see Table 7). This scorecard will help the national AHDP to review program implementation and reassess priorities as needed

ADOLESCENT HEALTH AND DEVELOPMENT PROGRAM: *Regional Monitoring Tool*

Health and non-health workforce

#	Indicator	Male	Female	Total
1.1	# of personnel trained in AJA			
a	Doctor			
b	Nurse			
c	Midwife			
d	Peer educator			
e	Others (e.g. teachers, RSW)			
1.2	# of personnel trained in ADEPT			
a	Doctor			
b	Nurse			
c	Midwife			
d	Peer educator			
e	Others (e.g. teachers, RSW)			
2	# of people trained in the use of Health Young Ones			
a	Health care providers			
b	Adolescents			
c	Others (e.g. teachers, RSW)			

Adolescent Participation

#	Indicator	Male	Female	Total
3	# of adolescents with capacity to provide health information, life skills training, and referral			
a	10-14			
b	15-19			
	By type of facility			
4	Number of health facilities with adolescent volunteers			
a	RHU			
b	Teen centers			
	i. School			
	ii. Community			
c	Others			

Facilities, Logistics, and Commodities

#	Indicator	Total # of facility	Level 1 #	Level 1 %	Level 2 #	Level 2 %	Level 3 #	Level 3 %
5	% of AFHF							
a	CHO							
b	RHU							
c	DOH-retained hospital							
d	Teen centers							
	i. School							
	ii. Community							
e	Others							

Services

#	Indicator	Male 10-14	Male 15-19	Female 10-14	Female 15-19	Total
6	# of people given information using HYO					
a	Adolescents					
b	Parents (all ages)					
c	Health care providers (all ages)					
7	# of adolescents assessed using HEEEADSSSS tool					
8	% adolescents referred to appropriate services among those with health risk					
a	N: # referred to appropriate services					
b	D: # of adolescents with health risk					
8.1	# of adolescents who went to the facility to access services among those referred through HEADSS					

Financing, Policy, and M&E

#	Indicator		
9	Total expenditure per year of the regional AHDP	Php _____	
10	Service Delivery Network for adolescents available?		
a	Regional	Yes	No
b	Local (LGU)	LGUs with SDN: _____	Total # of LGUs: _____
11	# of policies that promote adolescent health and their access to services	# of Policies: _____	
12	Sex- and age-disaggregated data, specifically on adolescents 10-19 years old available?	Yes	No

#	Health systems indicators	National		R1	R2	R3	R4A	R4B	R5	R6	R7	R8	R9	R10	R11	R12	NCR	CAR	CAR-AGA	ARMM
		Baseline	2018																	
1a	# AJA-trained																			
1b	# ADEPT-trained																			
2a	# HYO-trained HCP																			
2b	# HYO-trained adolescents																			
3	% AFHF																			
4	# capacitated adolescents																			
5	# facilities with adolescent volunteers																			
6a	# adolescents given HYO																			
6b	# parents given HYO																			
6c	# HCPs given HYO																			
7	# assessed using HEADS																			
8	% adolescents referred																			
8.1	# adolescents went to HF																			
9	Total expenditure																			
10	% regions with adolescent SDN																			
	a. Regional																			
	b. Local (LGU)																			
11	# of policies for adolescent health																			
12	% regions w sex- & age- disagg. Data																			

ANNUAL SCORECARD A: Adolescent Health Program Indicators
